NB—Should routine notes be written on small slips the notes must be copied or slips pasted on this form

for the construction of a Bus shelt Type design No I at Kuppa at a cost of Rs 1200/-. This amount was ordered to be met out of the special grant of two lakhs of rupees granted during 1940-41 and three railroad shelters in July 1941 No amount has been actually placed for this purpose at the disposal of the P.W.D

8/ Mr Thampi-Reddiar M.L.A. states that the people of Kuppa have represented to him that there is no necessity for a Bus stand at the place as Mrs M.V. Dayavegnoda has provided all the amenities at his cost to the passengers, and that the amount Rs 1200/- may be utilised for the construction of a High school building It is also stated that the Type design for the Bus stand is not suitable for this railroad place with an annual rainfall of 120 inches

9/ The proposal is to divert the funds set apart for one purpose to another purpose So far, there are no proposal for the establishment of a High School at Kuppa This is matter. Head of Railroad & whether it is necessary to have a High School there, whether the local bodies can afford to meet the

Letter No 24824-5 dt 21.6.43 from the Chief Engineer, furnishing the information called for

12. on the proposal of the D C Kanara Dist to the effect that the amount of Rs 4,200/- sanctioned for the construction of a bus shelter at Koppa, may be permitted to be utilised for the construction of a high school building at the place, information from the C E was called for as to whether from which source the amount was proposed to be met and whether the work has been commenced & if so, the progress in the construction of the shelter made

13 In reply to this, the C E furnishes that the amount was provided for in G O dt 13.5.41 in which a special grant of Rs 2 lakhs was sanctioned for the improvement of Malnad roads and that so far an outlay of Rs 538/- has been incurred on the work to the end of June 43

x fly x

14. The D C has also requested the Executive Engineer to stop further work of the bus shelter, as he wishes to utilise the grant for the construction of a high school building, as already stated above

15. As a sum of Rs 538/- has been already spent in this respect, it is for orders of the proposal of the D C to direct the fund left unspent, for the purpose, may be approved

Re Boys Hostel at Kissa

Continuation Sheet No. 1 | File No / Current No V 1874 | of 1943-44 | Page

(1) The construction of a Boys shelter at Kissa at an estimated cost of Rs 4 crs was started by the P.W.D. Work to the extent of Rs 5-3 lacs as stated to have been done up to end of June 1943 on the suggestion of the Deputy Commr, Kandy Distr, the work is stated to have been stopped at that stage in accordance with the orders of the Supdtng Engineer. The Chief Engineer requests approval to the action of the Supdtng Engineer on this behalf. A

(2) The Deputy Commr, Kandy has suggested that, as there is no necessity for a Boys shelter at Kissa, the question of constructing it may be dropped & the funds set apart therefor diverted towards the construction of a building for the location of a High School. He has stated that a committee has been constituted for the collection of funds for the establishment of a High School at Kissa & that proposals for the utilization of the part sum set apart for the Boys Hostel would be submitted after consultation with the local people. B

Subject - Construction of a Bus stand at Koppa

Sir,

With reference to your letter No L 3786 dated 27th September 19 3, on the above subject I have the honour to state that the Executive Engineer Kadur Division Chickamagalur has since reported that the outlay of Rs 538/- incurred on the above work represents the value of the iron rods purchased for the work and that the materials can be utilised on some other works

2 The cost of these iron materials in the above circumstances has to be debited to the estimates of the work for which they will be utilised Hence the full grant of Rs 4200/- under the special grant for the construction of the Bus Stand can be made available for the construction of the High School at Koppa

I have the honour to be
Sir

Sir

In forwarding herewith a copy of the resolution of the Minor Municipal Council, Koppa held on 30th November 1943 regarding opening of a Municipal High School, at Koppa from the next year I have the honour to state that Koppa is an out of the way place in the heart of Malnad where education has been rather backward on account of want of facilities People of Koppa Taluk, Narasimharajapura and Sringeri Sub Taluks under the inspiration of Lokasevaniratha Mr M S Dyave Gowda M L C have now collected and deposited in the Savings Bank Rs. 16,000/- for opening a Municipal High School and further donations to the extent of Rs. 15,500/- have been promised and are in the process of being collected It is likely that Lokasevaniratha Mr M S Dyave Gowda who has done much for the Malnad may donate funds for constructing the building required for the High School His Highness the Maharaja of Mysore soon after his tour in Malnad, two years back was graciously pleased to sanction a sum of Rs. 4 200/- for some work of Public utility and it was proposed at first to utilise the amount for the construction of a bus stand. On a further examination, it was found that a bus stand in Koppa was superfluous and that amount could be utilised for the construction of the proposed High School Koppa Municipality will have at the end of the current year at its credit a sum of Rs 14,000/- to Rs. 15,000/ at least The Municipality has provided almost all the required amenities to the town's people and very little amount will be required in future The town is expanding rapidly and the income as a result has been showing similar improvement

It is seen therefore that the Municipality has ample funds now to make the initial deposit of Rs. 5,000/- for the security of the High School and for equipment expenses which come to about Rs. 3,000/- The annual recurring charges payable by the Municipality may not be more than about Rs. 1 850/- when the full strength of the High School is reached It is proposed to invest about Rs. 30,000/- or at least Rs. 25,0 out of the donations collected and utilise the interest for meeting the expenses Thus the Municipality will have to contribute annually about Rs 1,000/- for running the High School The Municipal finances show that normal income exceeds the normal expenditure on an average by about Rs 1,500/- to Rs 2 000/- The Municipality

proposes ~~as~~ if necessary to levy tolls and the income expected from this source will be more than Rs. 1 000/- Thus there will be no difficulty in finding funds for meeting the recurring charges as well as for meeting initial expenses and the cost of building The positi n will be much easier if the Government taking into consideration the backwardness of the Malnad sanction at least half the cost of the building

As regards the number of students likely to join to the proposed High School, it is seen that there are thriving Middle Schools at Koppa Harihарpura Sringeri Halmattur Narasimharajapura and Balehonnur It is likely that some more middle schools will be opened. It is also likely that some students from Tirthahalli Taluk will join the proposed High School here as Koppa will be more nearer and more convenient to them as the local people will open a number of communal hostels for the students

It is expected that every year at least 40 to 50 students will join the propose High School here It is not necessary to stress ~~the~~ Half the backwardness in Malnad to a very great degree is due to poverty and ignorance and want of facilities Most of the parents have found it impossible to send their children to High Schools outside the Taluk The necessity for a High School at Koppa which is centrally situated is very keenly fel and the proposed High School will be a great boon to Malnad The Minister for Educati when he visited Koppa recently was pleased to announce that if suitable proposals forming the recurring expenditure the cost ofthe building and the initial charges are forthcoming the matter would be considered favourably I request you therefore to move the Government for sanctioning the establishment of the Municipal High School at Koppa from thenext academical year that is to say 44-45 As the people of the taluks benefit are very keen about the High Scho , there will be no difficulty in collecting further donations

In this connection I may add that the Minister for Education when he was please to visit Koppa recently suggested that a certain building under construction located nea veerubhadraswamy temple may be advantageously used for the High School until the High School building could be constructed A separate reference has been made on the matter to the Deputy Director of Public Instruction

I have the honour to be,
Sir
Your most obedient servant

Deputy Commissioner,
Kadur District

GEN & PER SECRETARIAT 1 JULY 1944 S BRANCH

Sir

Re Diversion of the Grant of Rs 4,200/- sanctioned for the construction of a Bus Stand at Koppa, towards the construction of a High School Building at the place

---

With reference to your letter No L 6572/M1 40-43-25 dated 31st December 1943, addressed to the Chief Engineer in Mysore, conveying the approval of Government to stop the work relating to the construction of a Bus Stand at the place and directing that the sum of Rs 4,200/- should not be diverted for any other purpose till the question of starting the High School at the place takes a definite shape, I have the honour to state that the opening of a Municipal High School at Koppa has been sanctioned in Government Order No E 6153-5/Edn 197-43-3

be Secretary Traffic Board.

dated 8th June 1944 The amount in question has been credited to Public Works Deposits during May 1941

I request that sanction of Government may be kindly obtained for utilising the above amount towards the construction of a High School building, for which plans and estimates have been called for from the Public Works Department

I have the honour to be,
Sir,
Your most obedient servant,

Deputy Commissioner,
